Clark, have many friends in this city. Mrs. Rafferty has been visiting her son, who is a cadet at the Military Academy at West Point.

FRAUDS MAY COST MILLIONS.

Collector Loeb Makes Startling Announcement to Treasury.

The two days' visit of William Loeb, Jr., collector of the port of New York, to the Treasury Department is of more than routine importance. Mr. Loeb has informed the Treasury officers the government has been the victim of gross customs frauds, and that the \$2,000,000 lost by the sugar frauds is only a small percentage of the total loss through swindles. Systematic defrauding of the government at the port of New York has been practiced, it is stated, for fifty years. The Treasury officers have approved the recommendation of Collector Loeb for the installation of automatic weighing devices. This will ultimately dispense with the services of the weighers.

A Tea Dye for Lace.

Blue—the creamy, delicate shade of old lace, is extremely fashionable now, and lace gumpies and yokes, as well as jabots in this tint, are particularly good style with cloth costumes for fall. If real old lace is not obtainable, a very good substitute may be made with ordinary tea. This tea should be quite weak, and of course, without milk or sugar, which would make the lace sticky and stiff.
